"What's your name?" "Walter," was the prompt reply. "What's the other name?" "Smith," "Walter Smith, then, hey?" "Yes, why?" "Oh nothing, cold coming." "Yes, I know it," was the reply. The big man took from his pocket some coin and showed the youngster—a bright Lincoln penny and a dulled colored dime. "You can make your choice." The aforesaid little Walter Smith shunned the shining penny and took the dime with a "thank you." He knew values.

A new plan is being tried at the Methodist church concerning the morning service and Sunday school. The preaching service opens at 10:30 a. m. and continues until nearly 11:30, which is immediately followed by the Sunday school session, omitting opening and closing exercises, and closes at 12 o'clock. The object of this order of service is to get the children to come to church and to have the adults stop to Sunday school. This order will be tried during the month to see if it meets approval.  
Optometrist Parmenter left Norway, Wednesday, Jan. 10, on the morning train for a week's pleasure and business trip. Stopping at Portland to attend the afternoon and evening sessions of the Maine Association of Optometrists; also the Dutch lunch served at the Congress Square Hotel at 9 p. m., will leave on the afternoon train of Thursday for Boston to attend to business matters. Saturday he will take the train for New York, to attend to some automobile business and make arrangements to have a car in Norway early next spring. Tuesday, Parmenter will return to Boston and will take the train for Portland on Thursday or Friday. Parmenter has purchased two pair of skis, one set for his daughter, Marion and one set for Mrs. Parmenter, so they may enjoy themselves on the winter's snow of Maine.  
C. E. Russell began cutting ice on Lake Pennesseewassee, Monday morning. For several years there has not been ice enough to last all the season and the very last of the summer or early fall if the ice is melted by the farmers it has to be got from other ice houses. This is not so much due to the insufficient amount packed as during the first of the season more or less ice is wasted by supplying a larger amount of ice than required for the colder weather than prevailing. When the hot weather comes the ice is so reduced that a fear there will not be enough to supply demands gives a greater care and people feel if they could have some of the big pieces of ice they did not need in the colder weather in the hot days it would be better for them and for the ice company of whom they buy it. It is hoped some arrangements may be made this coming season that will be satisfactory to all interested parties.  
At the Congregational Church on Sunday, January 21st, Mrs. Ida Vose Woodbury of Boston, will occupy the pulpit. Mrs. Woodbury held Representative for the American Missionary Association, and in her official capacity has traveled extensively in North America. She is familiar with all classes and both races of the South with their traditions, customs and problems. She tells a most fascinating story of the people of whom John Fox Jr. has written. Mrs. Woodbury knows something of frontier and life in the isolated parts of our country at first hand; and with her eloquent voice is well qualified to give most interestingly upon many phases of life little understood by a large number of Americans. This offers an excellent opportunity for Norway people to hear an instructive and stirring address. Upon this date Jan. 21st there will be only one service in the Church, the morning service. The evening service will be omitted.

## Annette Bennett, M. D.

Dr. Annette Bennett died at the home of her sister, Mrs. E. F. Block, on Orchard street, Tuesday, Jan. 9th, at 11:30 a. m., of cancer of the lungs caused by surgery. Her age was 53 years.  
Dr. Bennett was born in Buckfield, March 17, 1858, the daughter of George and Lephia M. (Pillsbury) Bennett. She lived in Buckfield eighteen years, then returned to Norway about six years, spent some time in Portland and two years in Augusta.  
The first ten years of her residence in Norway she worked in the shoe factory. While in Chicago she was a student, nurse and physician. On her return to Norway she practiced her profession as physician and was town physician a number of years during that time. While in Augusta she was one of the house physicians in the Insane Hospital, where she was doing a great work among the women patients and was greatly loved and appreciated. On account of her ill health she was obliged last April to give up her work.  
She was educated in the public schools of Buckfield and the Hannan Medical College of Chicago. Besides she did much private reading and study to fit her for her position.  
She was a member of the Norway Universalist church. She was also a Rebeah in Mt. Hope Lodge, Norway; a member of the Cumberland and York Co. Home Medical Society of Portland; the W. G. T. U. and Browning Reading Club of Norway.  
She leaves three brothers and four sisters besides several nieces and nephews.  
It seems sad that she should lose her health in the time of life when apparently there should have been many more years of usefulness, and when she was occupying the position where she was doing so much good among Maine's unfortunate insane. Her illness has been of a nature hard to bear, but she brought to her time of trial her usual patience and cheerful good nature. Everything that medical skill could do was done for her both in the hospital and later in the home.  
The funeral is from her sister's on Orchard street, Friday, Jan. 12, at 2 o'clock p. m., attended by the pastor of the Universalist church, Rev. M. C. Ward. The interment in Pine Grove cemetery.  
Ten Dollars for Lake Road Improvement.  
Don O. Seitz of the New York World noticed the impoverished condition of the treasury of the Lake Road Improvement Association and forwarded a check of \$10. It is accepted with thanks. This brings the deficiency down to \$9.17.  
The directors of this association have decided to set out several hundred elm trees on the water side of the road next spring.  
In fact a contract was made to have this work done last fall but the person engaged failed to do it.  
It will be done in the spring and will require an outlay of more money. Some cedar trees are also to be set out.  
It has been suggested that the guard rail which was put up by the town, be painted. It would have been a pity but the committee who had it in charge would not agree on the color of paint to be used. Some insisted on red, others on dark green, bright olive and white. At the next meeting of the association, the color will be definitely decided and if sufficient funds can be raised the guard rail from the ice house to Norway Lake village will be painted.  
At the last meeting it was unanimously voted that all advertising signs on the roadside—only a few remain—be taken down and destroyed. The secretary and treasurer was authorized to do it. It will be done.  
Advertising signs legally posted will not be disturbed, others will come down.  
Again we wish to thank Mr. Seitz for his generous contribution.  
Installation of Harry Rust W. R. C.  
The annual installation of Harry Rust W. R. C. officers occurred at G. A. R. hall, Thursday, Jan. 4, at 8:30 p. m. The regular business meeting was held at 2:30 p. m. followed by a most excellent supper at 6:45 p. m. under the special management of the executive committee, Alta J. Sheen, chairman.  
Two long tables were well filled with victuals and their wives and Corps members and their husbands. At the close of the supper, the retiring president, Clara I. Jordan, was presented by Mrs. Eva L. Fogg with a beautiful signet ring from the Corps. During her remarks a well known saying was quoted, "as good as gold and as true as steel," and this is what Miss Jordan has proved herself to this Corps, being its secretary eight years in succession and for two years its president. Faithful to all her duties to the Corps, one so well qualified to fill such a position will long be remembered.  
At 8:30 p. m. with Mrs. Lizzie Brooks at the piano, the installation service was conducted with Mrs. Clara M. Elliott as installing officer, who displayed her work in a very pleasing manner. A large number of the Post were present at the meeting. All seemed in excellent spirits deciding it one of the most pleasant evenings of the season.  
Norway Grange.  
The next meeting of Norway Grange will be held Saturday, January 13th, and the members will please remember that the meeting will open at one o'clock in the afternoon.  
The new officers will be installed by Fred F. Emery of Bridgton. A light lunch will be served after the installation.  
Mrs. Lulu Haskell, who has been caring for Elsie Davis at Rev. A. L. Stone's, has finished work there and gone to the C. M. G. hospital, Wednesday, for an operation.  
Leroy Sanderson of East Waterford returned from the Central Maine hospital last Saturday, the 6th. He has been there about 4 weeks, and has had taken from him some over 340 gall stones. He is recovering his strength nicely.  
The New Idea society met Wednesday afternoon with Mrs. S. D. Andrews. The next meeting will be with Mrs. L. I. Gilbert. The officers are as follows:  
Pres.—Mrs. G. F. Stone.  
V. Pres.—Mrs. Leola Ashton.

Her parents were Stephen and Abigail (Whitman) Latham. She was a direct descendant from William Latham, who came to America as a Pilgrim in 1621, then being a boy and living in the family of Governor Bradford. On her maternal side, her great-grandfather, Deacon Thomas Whitman, in 1737, married Jimima Alden, the great-granddaughter of John Alden and Priscilla Mullens.

Besides her husband, she is survived by her youngest sister, Mrs. Jeanette Long Latham Loveland of Boston, who was 87 years of age on the 29th day of July, and by two sons, Frank O. and Harry L. Niles, both of Lynn.  
Mrs. Niles lived a life of active usefulness, and was one of the most respected residents of Lynn. The funeral took place at 2 o'clock in the afternoon of Wednesday, January 3. The K. G. E. Ball.  
The 8th annual ball given under the auspices of Oxford Castle, No. 2, Knights of the Order of the Eastern Star, Friday evening, Jan. 5th, at the Norway Opera House. On account of the severity of the weather, the attendance was small as it was one of the coldest nights thus far in the season.  
There were about forty couples on the Grand March, which was led by Carl W. Boynton of Portland and Grace Thibodeau of Norway. The only aid present was George L. Curtis, accompanied by his wife.  
Stearns' orchestra furnished music for an order of sixteen dances with extras, and those present agreed that they had a most excellent time.  
At intermission, ice cream and cake were served in charge of Mr. and Mrs. C. J. Rangan. The committee on arrangements for the ball were Merton L. Kimball, Vernal A. Rich and Walter E. Everett.  
The dances orders contained the emblem of the order, and a mystery Golden Eagle surmounting the shields and swords and were tied with fancy tassels.  
Basket Ball.  
There will be two games of basket ball at the Norway Opera House, Friday evening, Jan. 12th. The game will be called at 8 o'clock. The games are between Bridgton Academy and the Norway Regulars and the second games between the Lunley Castle Band and the Norway High School.  
The boys of the teams are planning for an excellent game. They received their suction sneaks, Monday, the new baskets are already for use, and everything is ready for the game.  
After the games there will be dancing, music furnished by Stearns' orchestra.  
Esther Wentzle is working at the Norway academy. Odell Rich was out with the snow plow before day break Tuesday morning, and had the village streets well broke out before seven o'clock.

Some 30 years ago Mr. Durgin worked in the shoe factory here and lived with his parents in the Granville Road house at the head of Main Street. He will present his great Lysium success of this season, "The Man From Home." He has been booked here by the entertainment committee of the Ladies Circle from James H. Duane of Boston, who furnished the talent for the Star Course several years ago.  
Mr. Frye is one of the best known readers. He has appeared before all the prominent Y. M. C. A.'s from the Atlantic to the Pacific. Principal Sargent of the Hebrew Academy said Mr. Frye gave us one of the finest entertainments we ever had. His splendid style of portraying humor and pathos simply found us in the fullest sympathy with him. The critical Boston Traveler calls him "the best of his line on stage or platform."  
"Mr. Frye's recitals really require another name to fitly describe a performance so deeply dramatic, so richly artistic. The impression left after his recital of a play is that of a dramatic performance, with every role filled by a competent actor. The "Dramatic personae" are all before the listener, the scenery is there and the actors, Mr. Frye carries out the art of interpretation to its highest ideal of realization.

New York. It was there he met and  
married his wife, Amanda Bloomer.  
They were married in Nov. 1855, four  
children were born to them, three of  
them being born in New York.  
They returned to Maine after ten or  
twelve years and lived at Stoneham for  
a time, later at North Lovell. In 1874  
they moved on the farm where he died.  
The children were, Isaac B. who died  
two years ago, Edgar E., who has always  
lived and cared for his parents, Mrs.  
Lydia V. Irish, who died nine years ago  
and Mrs. Emma E. Grover, who lives

cold. The children of Elmer Andrews  
and Will Grover are ill with colds.

**Keeping a Dinner.**  
When it is necessary to keep the din-  
ner warm for the belated diner, the cook  
will find a good substitute for the bat-  
maria used in all first-class restaurants  
for keeping food warm by taking a deep  
baking pan, fill it half full of hot water  
and set into it covered bowls containing  
the various articles of food that are to  
be kept hot, says the New Idea Woman's  
Magazine. Set the pan in a moderately  
hot oven and the belated diner will be  
pleased with the fresh taste of his din-  
ner.

**a Many Failures.**  
But Parisian Sage Overcame Miss Krug-  
er's Hair Troubles.

PARISIAN SAGE is not guaranteed  
to grow hair on bald heads but it is  
guaranteed by the well known druggist,  
Frank Kimball, proprietor of the Kezar  
Falls Store, to stop falling hair, eradicate  
dandruff and stop itching scalp, or mon-  
ey back. Sold in every town in America  
by leading druggists for 50 cents a bottle.  
Read Miss Kruger's letter.

"PARISIAN SAGE is the best hair  
grower and beautifier and dandruff cure.  
I lost all my hair through typhoid fever;  
I was almost bald headed and my scalp  
was as sore as could be. I tried every-  
thing, but in vain. Finally I tried  
PARISIAN SAGE and after using one  
bottle my hair started to grow, and has  
grown three or four inches inside of two  
months. I advise every woman who  
wants beautiful hair to use PARISIAN  
SAGE. Miss Meta M. Kruger, Brown-  
town, Minn. 52-2

**WATERFORD.**  
If the town of Waterford owes you  
your bill to the selectmen immediately.  
See notice.

**Latest Skirts.**  
The newest skirt flares slightly below  
the knees, but the flare is so slight that  
the skirt hangs practically straight with  
a little more freedom at the feet, says  
an exchange. Some of the ultra fash-  
ionable skirts are coming out with yokes  
some of the yokes to the knees. This  
is, of course, in line with the new and  
very slight flare. All authorities agree  
that spring will see a skirt that is def-  
initely wider than the one worn now.  
But the same authorities were solid in  
the same belief last spring and summer;  
so time alone can decide the question  
for a certainty. The long slender lines  
of the present skirt are too well liked  
to be set aside easily for a less slender  
style. Not until they have worn them-  
selves out and stated every desirable  
feature of themselves by overuse will  
they be superseded by something else.

It is a fact, which mothers often fail to realize, that the

physical fitness of early manhood and womanhood.

## Your Plans For Next Year

The last of the year is the time when books are balanced, accounts straightened  
out and plans laid for a larger business during the next year. In making your plan  
do not overlook the importance that a good Bank should occupy in your transactions.

A Bank Account carries with it a prestige and an impression of prosperity not  
easily gained in any other way.

Yet it is easy and simple to carry on a Bank Account—just bring in or mail  
your deposit and then when you pay a bill draw a check for the amount owed.  
At the end of the year you can take your cancelled checks, returned to you by the  
Bank, and see how and where the money went.

For 39 years we have bought and sold bonds. We have on hand Municipal  
Bonds netting 4 per cent and better which we offer for sale. Four per cent to five  
and one-half per cent is not a sudden road to wealth, but safety after all, is the vital  
consideration.

Why not now seek the aid of this strong institution in extending your field and  
increasing the volume of your business?

The choir; Remarks by the installing officer, Ernest Nason, Mrs. Nason Cummings and Rev. Chas. Walker; instrumental music, Mrs. Chas. Walker; farce "A Double Deception"; songs, W. Weston; reading, Josephine Shedd.

Questions—What would have been the condition of the farmer today if the Grange had never been instituted? Opened by Henry Jilison. Many others spoke on the question, which was well handled; duet, Florence and Helen Clark. The entire program was intensely interesting, all taking their parts in a very creditable manner.

Special mention should be made of Josephine Shedd, who acted as the "old maid" and whose old costume and perfect rendering brought down the house repeatedly. Through the day the house was very laudable, all taking their parts in a very creditable manner.

Mr. Norton's residence was completed only a few years ago and was an ornament to the village. The fire started in some way from the chimney, which had burned out earlier in the day. The building was only partly insured.

The cry of fire broke the Sabbath stillness about noon on the day of Jan. 10, when the hydrants and the capacity of the new water system for the first time since its inception. The house of W. T. Norton was ablaze. Hose and ladders from the woolen mill were rushed to the scene and after a hard fight the fire was saved, but the house was practically ruined.

Kind friends and neighbors had aided in removing everything possible from the house. The intense cold made it very hard for the fire fighters, their clothes freezing to them as they became wet with the drenching spray. Oliver Firth had to be wrapped in blankets and carried home as he resembled a human icicle. Hadlock and two others were also quite badly overcome but apart from colds were much as usual the following day.

### ALMOST LOST HIS FOOT.

Operations Did Not Seem To Do Any Good.

After Years of Agony Doctors Advised Amputation.

A Great Triumph for a Great Medicine.

BLKART, Ind.—"I narrowly escaped losing my foot, because of swellings and sores on my ankle. They discharged a great quantity of matter and some pieces of bone. We tried everything to make the eruptions heal, and had two or three operations, which did not seem to do any good. After three years of agony the doctor advised that the foot be amputated in order to save my life. My family would not consent to this, but began to give me Hood's Sarsaparilla.

"To make a long story short, Hood's Sarsaparilla effected a complete and wonderful cure. The sores healed up, the discharge ceased, the swelling went down, and I could walk as well as anybody. I have had scarcely a sick day since. The cure was perfect and complete. It was a great triumph for Hood's Sarsaparilla, over impure blood. The germs certainly got the worst of it from Hood's Sarsaparilla, and my cure was a triumph for Hood's Sarsaparilla in all similar cases, so I warmly recommend it." Henry Jenkins.

Thousands of intelligent and economical men and women have come to know by experience the great value of Hood's Sarsaparilla, and to regard it as "common sense" to use this proprietary medicine in many diseases and ailments.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than twenty different ingredients, which make the very successful physicians prescribe for the same diseases and ailments, but are not all found in any other medicine.

Be sure you get the real Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

## Back to the Oldtime Remedy for Dyspepsia.

Or, if you may spend many  
 cented dollars for the widely ad-  
 vertised pills, powders or tablets, and  
 yourself practically no better than when  
 you commenced. There is one safe,

 which has been prepared and sold in  
 this country for many years, and  
 which has given relief to thousands  
 of sick and suffering persons,—the true

 and you will be glad to get back to it  
 after a series of disappointments. Get  
 a bottle today, and be prepared to ward  
 off sickness. Thirty-five cents at your

## NORWAY, MAINE Thomas Smiley SMILEY SYSTEM - SIX STORES

### NORTH PARIS.

Mrs. Charles Burnham spent a few days in Portland with her parents, last week.

Several couples from this place attended the New Year ball at West Paris, Jan. 1.

The V. I. S. held its second meeting Tuesday evening, Jan. 23, and sixteen new members joined, making 40 members.

B. C. Lowe was chosen vice president. It was voted to give an entertainment in the future for the purpose of raising funds to secure a hall. An entertainment committee was elected consisting of B. B. Lowe, H. D. McAllister, L. Y. Lowe, Mrs. Addelyn Burnham, Mrs. Jesse Cushman and Mr. Sadie Silver.

Next meeting will be held Jan. 16.

Rev. G. H. Young of West Paris gave the citizens of North Paris a fine lecture, Jan. 8, on his experiences as a cowboy in the far West where he spent several years. His description of the cowboy life illustrated by stereoscopic pictures gave a good idea of the methods of handling cattle on the ranges. Also fights with the Indians which he participated and the methods employed by cattle thieves to rustle stock, and especially his description of a Blackfoot Indian running the gambler between two lines of Sioux warriors, was particularly fine. A typical western welcome to a tenderfoot and its result, also illustrated by moving pictures, was especially good. Owing to the storm Mr. Young's next lecture, The Passing of the Indian, will be postponed until Jan. 16.
